

FOUR-SIDED RECTANGLE

The Aero™ Overhead Four-Sided Rectangle can stretch your message, whether it's the same message on each side or something different. The rectangle shape is excellent for larger island spaces where a big presence is needed because the two longer sides measure from a broad 10 ft. to a bold 12 ft. Custom sizes are also available.

When you need to reach into all four corners of the show hall, the Four-Sided Rectangle makes an unmistakable statement.

It ships in a heavy corrugated or reusable (portable cases), assembles in minutes without tools, and comes with Classic Exhibits' legendary set-up instructions.
