

ROUND

The Aero™ Overhead Round is always a trade show and special event favorite. As the most noticeable of all shapes it offers unparalleled 360° visibility for your logo or key message.

The Round comes in multiple diameters - from 10 ft. to 12 ft. - and can be ordered as a Tapered Round as well. Custom sizes are also available.

For even more visibility, the optional bottom fabric cover adds an additional surface in the high impact but often under-utilized space above your exhibit. For a stunning look, add rotation and your sign will take center stage!
